Struik Publishers (Pty) Ltd. Paperback. Book Condition: new. BRAND NEW, LBJs Made Simple, Doug Newman, Gordon King, "LBJs Made Simple" is an important new guide to the cryptic little birds that are universally known as 'little brown jobs'. Using colour coding and careful design, the reader is systematically guided through the initial sorting stages: from family group, to 'visual group' within the family, and finally to the species. Illustrations with pointers show characteristic features of each species, summarised in an 'At a glance' box. Concise text describes visual clues as well as other key ID criteria, such as size, habitat, habits, call and similar-looking and -sounding birds. A distribution map shows range, and each species is linked by track number to its call on the accompanying CD. Identification depends on successfully matching a given number of the bird's features - in some cases, just a single convincing diagnostic trait. Painstakingly conceived and designed, this guide will have wide appeal for serious birders and keen amateurs alike - anyone who wants to be able to tell one LBJ from another. This title features bold new approach to identifying cryptic birds. It offers advanced methodology. Book design ensures quick and easy ID. Accompanying CD features nearly all the bird calls, as well as 'comparative tracks' commentary. This book presents a new and exciting concept in birding.
